

Prominent Educator Will Deliver Commencement Address June 6

Dr. Ben L. Morton, Executive Secretary of the Missouri Commission on Higher Education, will speak to the graduating class of MSC at commencement exercises beginning at 8 o'clock, Monday night, June 6, in the college auditorium. The title of Dr. Morton's address will be "Higher Education—an Eclectic Approach."

Dr. Morton received his Ph.D. degree in administration from the University of Michigan.

Prospective graduates are Steven Allen, Carolyn Sue Anderson, James Anderson, Robert Anderson, Stephen Anderson, Melanie Anglen, Linda Arnce, John Atkins, Robert Babst, Jr., Sherry Baker, Jene Baldwin, James Ball, Michael Barnes.

Sheryl Barnes, Susan Bartlett, Sheryl Barwick, David Black, Jacqueline Boan, Marcia Boyd, James Brady, Mary Braeckel, Douglas Brooks, John Brown, Elizabeth Bryson, Jack Burke, Mary Anne Burns.

Richard William Burns, Sharon Campbell, Michael Carman, Helen Carter, Edward Chandler, Charles Cherry, Betty Chesnutt, Jimmy Clanton, Vernon Clark, Gilbert Clary, Walter Cochran, LeRoy Cockrell.

Janice Coleman, Joyce Coleman, Larry Conboy, Jr., Phillip Cook, William Cook, Rayma Coy, James Craig, Donnie Danel, Thomas Davisson, Cheryl Dines, Donald Douglas, Donna Drake.

Douglas East, Pamela Eliason, Marolyn Elliott, Ronald Elliott, Perry Epperly, Donald Dean Evans, Betty Fagg, Virginia Farris, Sandra Fleischaker, Billy Forcade, Robert Ford, Patty Francisco, John Fretwell.

Carl Fricks, Vera Fullerton, David Gilbreth, Wayne Gillman, Dennis Goddard, Thomas Gold, Jr., Phillip Graham, Roger Gray, Kaye Green, Douglas Halliwell, Gary Hamlin, David Hamm.

(Continued on Page 4)

Administrative secretary Janice Huston models one of the new uniforms adopted for student nurses in the program scheduled to begin the fall semester.

Dr. Morton

Mrs. Morrison Heads Alumni; Group Awards 4 Scholarships

Mrs. Barbara Morrison will serve as president of the Alumni Association next year. Her election was announced Saturday night at the annual banquet where the principal address was given by a 1942 graduate who is a Charlotte, North Carolina attorney.

In his speech on the "Town of Adolescence," Richard E. Wardlow stressed that parents and adults are as responsible for juvenile delinquency as teenagers. He also emphasized that adolescence applies to the college age person who is striving to learn.

The speaker was introduced by Mrs. Martha Stephens. He is a cousin of a former teacher, Miss Ada Coffey, and established the memorial scholarship in honor of her.

Preceding the address, Conrad Gubera presented the Alumni scholarships to Sue Gulick of Joplin and Richard Barnes of Jasper, and Dr. Paul Shipman presented the Ada Coffey scholarships to Mrs. Patricia McCulloch of Lamar and Karyl Lee Cookerly of Joplin.

Other Alumni officers for 1966-67 who were introduced include Mrs. Virginia Elliot, vice-president; Mrs. Nina House, secretary; and Robert Moyer, treasurer.

Merrell Junkins gave the invocation, and Anita Baum sang.

Baccalaureate Services, Reception to Be Held On Sunday, June 5

Baccalaureate services for the graduation class of 1966 will be held at 3 o'clock, Sunday afternoon, June 5, in the College auditorium. The Rev. Canon Vincent C. Root of Grace Episcopal Church, Carthage, will speak on "What Will Tomorrow Bring?"

The College Chorale will present two numbers. Dr. Ervin Dunham will play the organ processional and recessional.

A reception for the parents and friends of the graduates will be given by the faculty in the cafeteria immediately following the service.

Edna Drummond Scholarship Fund Climbs to Over \$400

Over \$400 has been given by MSC faculty, alumni, and friends for the Edna Drummond Scholarship Fund, according to Miss Lela Smith, who is assisting with the drive. Dr. Paul Shipman said that there is a possibility that 50 to 50 matching federal funds will also be available, thus increasing the amount.

Dr. Shipman, chairman of the scholarship committee, said that a scholarship may be awarded next fall and that the winner or winners will be selected on the basis of their academic achievement and leadership in school and community activity. Applicants must present at least two letters of recommendation.

Anyone wishing to contribute should contact the finance office.

General Assembly Okays Money Bill For Student Union

Legislation vital to the growth of Missouri Southern was approved during the special session of the Missouri General Assembly concluded this month. Two items of major importance were made law, strengthening Missouri Southern's bid to add the senior college division starting in the fall of 1967.

One bill gave the College \$181,670 for more curriculum planning during the next fiscal year. Another bill makes it possible for the board of trustees to issue revenue bonds for construction of student centers, cafeterias, and dormitories.

The appropriations bill met opposition in the Senate Appropriations Committee, but was restored on the Senate floor.

The bill making it possible for college trustees to issue revenue bonds to construct student centers and cafeterias was introduced by Senator Richard Webster of Carthage. It was passed by the Senate and sent to the House, where Representative Robert Young of Carthage offered an amendment including dormitories. It was passed by both the House and the Senate.

President Leon Billingsly said that the architects have already begun preliminary planning on the student center-cafeteria building to be located on the new campus. Dr. Billingsly, who estimates the cost of the building at a half million dollars, said it should be ready soon after students arrive on the new campus.

A discussion of plans for dormitories to be constructed by the same method is expected at the next meeting of the Board of Regents.

MSC Signs Hospital Contracts For Training of Student Nurses

Missouri Southern College officials recently signed contracts with St. John's Hospital and the Nevada State Hospital permitting students who enroll in the Associate Degree Nursing Program to use their facilities.

Signing the St. John's contract on May 3 were James K. Maupin, dean of the Semi-Professional and Technical Education Division, MSC, and Sister Mary Austin, RSM, president of the hospital.

Signing the Nevada contract on May 5 were Maupin, Dr. Paul L. Barone, medical superintendent at Nevada, and Jerry Evans, director of nursing services at Nevada.

According to the National League for Nursing, "The Associate Degree Program in Nursing is now an accepted program for the preparation of Registered Nurses." The two-year program supplements college courses with selected clinical experience at one or more hospitals. The College assumes full financial responsibility for the program as well as for its content.

Applicants for the Associate Degree Program in Nursing must have completed high school or its equivalent and must meet all other requirements for scholarships and loans which are often available.

An associate degree graduate in nursing is eligible to take state board examinations leading to licensing as a registered nurse. If she chooses to further her nursing education in a baccalaureate program, she will receive full college credit for the two years she has had in junior college, providing the courses she has taken are recognized by the senior college as equivalent in content and level to those which it requires for its degree.

James Maupin

Norman Harris

Norman Harris, nationally recognized vocational-technical education specialist from the University of Michigan, reviewed proposed associate degree programs in the technical education division with James K. Maupin during a visit here May 11. He also discussed the functions of the community college at a faculty meeting that afternoon.

Other groups participating in the MSC program which will start next fall are Missouri Crippled Children's Hospital; George Washington Carver Memorial Nursing School; the Missouri State Retardation Clinic; the Ozark Psychiatric Foundation; and the Cerebral Palsy Clinic.

Cinotto Becomes New MSC Dean Officially July 1

Fred Cinotto, MSC curriculum coordinator and acting dean of students, has been named Dean of Missouri Southern College. President Leon Billingsly made the announcement May 14 at the alumni banquet. Cinotto has been acting dean since Dean C. O. Robinson left in February, 1966.

The new dean came to the College in November, 1965, as a full-time staff member to help coordinate the junior college level with the senior college level for the proposed four-year college. He was dean of Independence Kansas Community College for 24 years.

Cinotto said that he will remain acting dean until July 1, 1966, when he will officially take over the dean's job. He will also continue with his duties as curriculum coordinator until August 1 when the curriculum will be presented to the North Central Association for approval. After that time, Dean Cinotto said, the duties of the curriculum coordinator "will become absorbed into the duties of the dean."

A Friend

We have a friend in the Senate! Some may not know him personally, but Missouri State Senator Richard Webster is a friend of every student, or prospective student, at Missouri Southern. He has been our champion through two years of battle in the Senate pit.

Of course, the College has many friends in Jefferson City, especially Representatives Robert Warden and Robert Young, who carried the ball in the House. But, in the Senate, Webster stood alone from Jasper County.

Using his political savvy, he helped retain the majority of items needed for implementation of the senior college program, scheduled to start in the fall of 1967.

This spring college officials called for enabling legislation to permit issuance of revenue goods for constructing a student center-cafeteria building, a practice heretofore reserved for four-year state schools. Again Webster proved his value with the successful passage of the bill.

When the Senate Appropriations Committee balked in granting funds for the MSC senior college planning program for the next year, again Senator Webster was successful in getting the entire appropriation restored.

We are proud of the legis'ative accomplishments involving MSC—accomplishments, which somehow seem impossible without taking into consideration our friend in the Senate, Dick Webster.

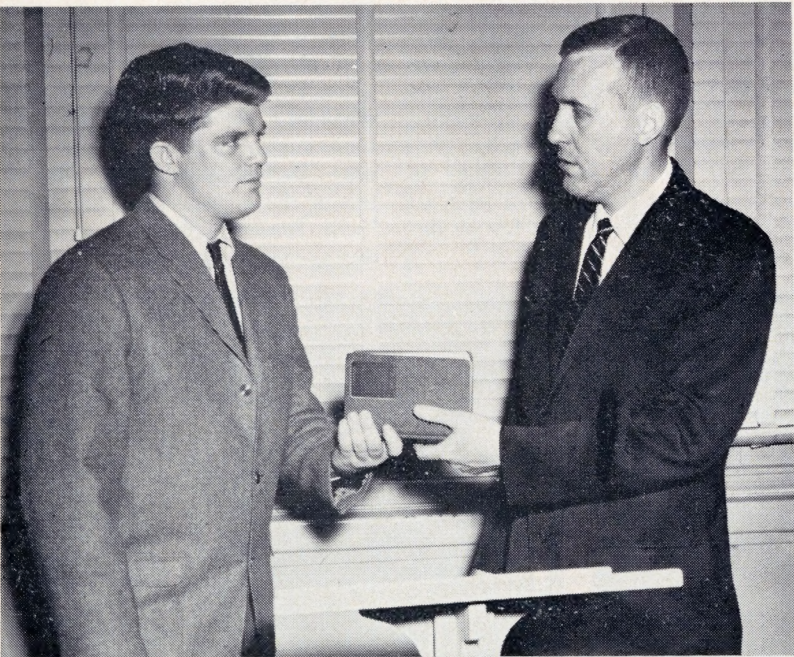

—M.G.

Editors Extend Thanks

We, the editors, wish to extend our sincere thanks to students, faculty, and administration for helpful cooperation throughout this past school year. Since we have been crowded for space, it has not always been possible to publish all details of the events which have taken place at MSC. We have tried, however, to do our best in evaluating the newsworthiness of these events. With the new campus and new facilities, we hope that The Chart will be published more frequently.

This has been an exciting year with the planning for the new campus and expanded curriculum. It has been a year especially noteworthy in the history of this College and it has been our aim to record it fairly and accurately.

Bullock Wins Chemistry Award

Johnny Bullock

Harrison Kash

Johnny Lee Bullock received the Chemical Rubber Company Achievement Award in Chemistry for 1965-66. Harrison Kash made the formal presentation at a dinner meeting of the Southeast Kansas Section of the American Chemical Society, April 28, in Pittsburg, Kansas.

The award consists of a scroll recognizing Johnny's superior academic achievements and a deluxe copy of the "Chemical Rubber

Company Handbook of Chemistry and Physics for 1966." This award is given to the outstanding student in chemistry annually.

Miss Eula Ratekin said: "Johnny has not only shown excellent scholastic ability by making high scores on tests, but has exhibited enthusiasm for the subject, rare ability in perception of significant data, creative ability, and ability to apply basic chemical principles to new situations."

Spring Fling Marks Final School Dance

Tomorrow night's Spring Fling at the First National Bank parking lot will end the schedule of dances sponsored by the Student Senate.

According to Doug East, chairman, the girls are responsible for inviting, picking up, and paying the expenses for their dates. The dance, slated for 8 until 12, will feature the music of Jimmy and the Cavaliers. Dress will be casual.

JOTS

Paul Jensen and Dr. Lloyd Dryer represented Missouri Southern College last month at an engineering counselling seminar at Rolla School of Mines and Metallurgy.

Carol Calvin, Ray Mathis, Linda Moffatt, Linda Ritchhart, and Mike Rusk attended a yearbook seminar April 22 at Drury College.

Jim Courtney, who attended Missouri Southern in 1963 and won seven track medals, has been named head track coach at Lamar High School.

Missouri Southern music department presented the final concert May 10. Oliver Sovereign directed the college chorale and Russell Benzamin the concert band.

Kathy Watkins, sophomore voice student of Oliver Sovereign, presented a vocal recital May 8 in the college auditorium. She was assisted by violinist Cheryl Peck. Included in Kathy's program were selections from Handel, Durante, Schumann, Schubert, Brahms, Wolf, and Verdi. Cheryl played a number by Bach and one by Weber.

Russell Davey, Joplin Junior College graduate, and his wife Joyce are employed by the FBI in Washington, D.C., as fingerprint technicians.

Thirty members of the Engineers Club visited the University of Missouri at Rolla, the McDonal Aircraft Corporation in St. Louis, and the Laclede steel mill in Alton, Illinois, April 21-23. Miss Martha McCormick, sponsor, and Franklin Woodbury, former president of the Engineers Club, also made the trip.

Kay Copple, Diana Ford, Ann Frkovich, and John Shephard accompanied by J. L. Martin, sponsor, represented Eta Chi Chapter at the national Phi Theta Kappa Convention, April 26-29, at Casper, Wyoming.

Members of the College YWCA attended a Leadership Training Day May 7 at Cottey College. The convention consisted of a luncheon and training session for officers. Attending were Dana Stone, Kay Copple, Bobbye Clay, Deenie Roby, Beverly Kluthe, and Mrs. Barbara Frizzell, sponsor.

Among the interest clubs holding banquets and picnics are The Chart, the Crossroads, the College Players, the band, Student Senate, SNEA, and Phi Theta Kappa.

An article "Mirror, Mirror" by Mrs. Ima Van Natter will appear in the May issue of the Missouri Association of Teachers of English Bulletin. The piece deals with the attitude teachers have toward their students and the effects of these feelings on the students' ability to learn.

The Job Line Summer, 1966

There may not be any clam cleaners or any chocolate dippers among students at MSC, but summer does find them working at the usual and unusual jobs.

Area industries and businesses claim the largest portion of students, who find these places to be the richest source of income. Linda Marsden will serve as secretary in a lumberyard office, and Mike Chapman will be working in the mailing room at Fairchild Camera.

Others pursue jobs relating to their college intersts. Ronda Dunn plans on working with a dramatics group on the Southwest Missouri State College campus, and Sharon Scott will serve as secretary in the business department of Porter Library on the Kansas State College campus.

Some adventurous students, however, will be leaving this area to work. For instance, Bob Bassman will serve as music counselor in a boys' camp located in the Catskill Mountains in New York, and Ray Eberhart plans on touring the country with a band from Florida. Working in a popular Montana resort, Trinket Plumb will have the opportunity to meet other college students who work there.

Final Production Draws Praise

A play poorly acted is like a bitter taste in the mouth, but a play that is well performed is a delightful thing. The College Players last production, "Ralph Roister Doister," falls into the category of the latter.

The outstanding performances of actors with major roles was balanced by equally good performances of actors in lesser roles which resulted in a good over-all production.

Much of the comedy in "Ralph Roister Doister" lay in the slapstick antics that were performed. At various times during the play actors were strewn over the stage, with the biggest moment coming at the last of the show as Roister Doister led his army of three to war against the household servants of Christian Custance.

The makeup appeared to be quite well done, noticeably so on Ralph Roister Doister and Madge Mumblecrust.

The costumes were colorful, and helped to reflect the personality of each character.

Tim Elliott's portrayal of the vain little Ralph Roister Doister was the outstanding comedy performance of the play. Having the lead role, many of the best lines were given to him. However, it was not so much his lines that made his performance outstanding as his exaggerated gestures and bantam rooster walk. This coupled with the intonation of his voice and his highly effective dou-

College Receives Federal Grants For Scholarships

A \$2,340 grant has been approved by the U. S. Department of Health, Education, and Welfare to help establish a scholarship program at Missouri Southern College.

James K. Maupin said the funds will provide approximately 11 scholarships for students who would be unable to attend school because of financial reasons. Value of the scholarships range between \$200 and \$800.

Missouri Southern College will be required to match each of the scholarships on a 50-50 basis. The local matching grant, however, may be provided through the waiving of tuition, fees and other costs.

"If the student is in the top half of his class at the end of his freshman year and still qualifies for the program, he automatically receives an additional \$200 on the scholarship," Maupin said.

The scholarships will be made available at the beginning of the fall term and scholarship students will be eligible for the work-study program, which provides on and off-campus jobs during the school year and in the summer.

ble take made his performance notable.

John Harvey, in the role of Matt Merrygreeke, also turned in a good performance. He was the perfect prototype of the smooth practical joker. If the role of Merrygreeke had been developed in the wrong manner, it could have aroused dislike, but from his first enthusiastic burst at the play's opening to his last words on stage he carried his role in the right direction.

Another noteworthy performance was that of Jerry Shipman as Doughty. Shipman, a neophyte in drama, turned in a performance like that of a veteran to the stage. He was the perfect goat.

—Gary Rees

Former Student Dies in Crash

Dale Owen, a 1947 Joplin Junior College graduate, was killed May 11 in the crash of a private plane at Houston International Airport. He and his wife Beverly died in the crash that killed all five persons aboard.

Owen, who was the chief engineer for the Lamb Reynolds Tool Company of Lafayette, Louisiana, was en route to Tulsa, Oklahoma, where he was to set up a display for the International Oil Exposition.

Three children survive.

1957-58 Chart Editor Goes to Cape Kennedy As Managing Editor

Ron D. Martin, 1957-58 Chart editor and Joplin Junior College graduate, has been named managing editor of Today, the Gannett Florida Corporation's new morning newspaper in the Cape Kennedy area.

Martin, who has been the regional editor of the Democrat and Chronicle, and of Times-Union of Rochester, New York, will move with his wife and son to Cocoa, Florida, later this month to assume duties.

Before going to New York, Ron had worked on the Detroit Free Press following his graduation from the School of Journalism at the University of Missouri. He worked on both the Joplin Globe and the Joplin News Herald while going to school at Joplin Junior College.

Summer School To Convene June 9

Registration for MSC summer extension program will take place June 8, according to James Maupin, director. Registration will be by last names with A-K registering at 8 a.m. and L-Z at 10 a.m. Deadline for late registration will be June 13.

Students who are not already registered at MSC will be required to complete an application for admission and present a transcript of work from the last school attended.

Classes will convene on June 9 and end on August 5.

Kash to Attend Science Institute

Harrison Kash, chemistry instructor, has been chosen by the National Science Foundation to be one of 30 participants in a summer institute at Oregon State University in Corvallis. All of his expenses will be paid by the Foundation.

The six-week institute from June 27 to August 5 includes study in the new techniques of instrumental analysis, the recent developments in inorganic chemistry, and selected topics in organic chemistry.

Sponsors of the institute say that the purposes of the program are to improve subject matter competence for teachers of college and junior college; to strengthen the capacity of teachers for motivating students; to come in contact with prominent scientists who will participate in the institute; and to provide a better understanding of the teaching problems at the college level.

Phil Wiland Accepts Summer Internship

Phil Wiland has been notified of his appointment as Congressional Summer Intern in the office of Representative Durward G. Hall, Seventh District Republican congressman. The appointment becomes effective June 1, and covers a period of two and a half months.

Wiland, a political science major and student body president at Missouri Southern, said he and his wife will move to Washington D.C. shortly after commencement.

He plans to enroll at the University of Missouri next fall.

Terry Helton Will Head Student Senate

Terry Helton was elected as Student Senate President for 1966-67 in an election May 3. Also elected were Danny Fieker, vice-president; Kay Ann Floyd, secretary; Ann Frkovich, treasurer; and Karen Fithian, parliamentarian.

Advisory Committee Organizes to Assist In Nursing Program

In conjunction with State Board approval of the new nursing curriculum at MSC, 14 members of an Advisory Committee of the College held an organizational meeting April 27 in the Joplin Red Cross building, according to James Maupin, director of the semi-professional and technical program. Dr. J. R. Kuhn, area physician, was elected president of the Committee, replacing acting President Leon Billingsly, and Mrs. May Talbott was elected secretary.

At the organizational meeting, the Committee discussed various styles of student uniforms and caps, as well as related guidelines for a physical examination of an entering nursing student.

Mrs. Bessie Vediz, head of the new curriculum, said that the committee will meet the third Thursday of every month in the Joplin Red Cross building.

Regents Accept Faculty Report

Members of the Missouri Southern Board of Regents and Trustees have approved the administration and faculty statement of philosophy and purposes.

The report, submitted to the Board by Fred Cinotto, curriculum coordinator, also included an outline of general education requirements, policies concerning establishment of six divisions, and an outline of degrees and certificate programs.

Approval of the documents was a major step in the work to be done before the College applies to the North Central Association of Colleges and Secondary Schools for accreditation as a four-year college.

According to the MSC statement of philosophy and purposes, the first obligation of the College to both state and community is to provide "a program of general education for all students."

Library to Serve As U.S. Depository

The United States Government Printing Office has approved the new Missouri Southern College library as an additional depository library in the Seventh Congressional District for United States government publications. Congressman Durward G. Hall made the announcement May 11.

Depository libraries receive one copy of all publications of the U.S. government except those which do not pertain directly to the public interest or education, and those which are classified for national security. Among the documents available will be Census Bureau reports, Department of Agriculture publications, congressional records, tariff schedules, annual reports of each of the federal agencies, congressional reports, public laws, White House conferences, State Department papers, and commerce reports.

The library may select from some 12,000 documents a year as well as from 7,000 to 10,000 prints of congressional bills.

There are only two depository libraries permitted in each congressional district designated by the incumbent member of Congress, according to the Depository Library Act of 1962.

Under the stipulations for a depository library, the library must have 10,000 volumes other than government publications; make publications available for public use; have facilities to provide adequate custody and service for depository materials; and it must fill out a report concerning its operations every two years.

The library, which is under construction now, is expected to be completed in February, 1967. It will contain facilities for housing the government publications.

GOPs Land Posts In Mock Congress

Three sophomore members of the Young Republican delegation were elected to key posts at the annual Missouri Intercollegiate State Legislative session May 5-7 in Jefferson City.

Dennis Goddard was named secretary of state; Phil Wiland was elected speaker of the House of Representatives and later appointed executive director of Missouri College Republicans; and Greg Moore was named chairman of the Senate Ways and Means committee.

In legislative action, MSC student legislators passed two mock bills into law. One bill, proposed by Charles Baker, a sophomore, consisted of abolishing capital punishment. The other bill, introduced by Doug East, a sophomore, consisted of privileged communications for psychologists and psychiatrists.

Members of the House gave Wiland a standing ovation at the end of the mock session.

Other MSC students taking part in the session were Linda Wiland, Dennis Cottrell, Marty Marshall, John Clark, Gail Loafman, Nancy Kelley, and Linda Arnce.

1962 Graduate Hines Receives Wound in VN

First Lieutenant Philip B. Hines, 1962 Joplin Junior College graduate, was critically wounded March 21, in South Viet Nam, where he was in action in the Chu Lai sector.

His parents left last week to be with their son at Clark Air Force Base hospital in Manila, Philippines, where he has been transferred.

Lieutenant Hines is an officer with the Third Battalion, First Marine Division. He is a graduate of Kansas State College.

Trustees Approve 1966-67 Budget

A \$5,261,906.24 budget was approved for MSC's 1966-67 fiscal year at the Missouri Southern Board of Trustees meeting May 12. Of this amount, \$3,933,900 will be used under capital outlay for construction of buildings on the new campus, site improvement work, and the purchase of equipment, furniture, and instructional apparatus.

These expenses include \$1,190,000 for Hearn Hall and a science-mathematics building; \$400,000, music and art building; \$545,000, library; \$75,000, temporary student cafeteria; \$40,000, additions to the present machine sheds on the campus; \$176,000, site improvement work; \$52,900, equipment; \$205,000, furniture for new buildings; and \$50,000, instructional apparatus.

Bids for the art and music center were received yesterday. Plans for the proposed student center are being drawn by Tanner, Lin Scott and Associates.

Dr. Leon Billingsly stated in his budget message to the Board that if a federal appropriation is approved under the Higher Education Facilities Act, some money could be spent on a gymnasium at the College since there are no funds available in the budget.

Expenses other than capital outlay include administration expenses, \$62,000; instruction, \$817,130; operational, \$100,250; maintenance, \$26,500; fixed, \$57,720; food, \$48,000; student activities, \$120,000; community services, \$56,000; debt service on the principal and interest on bonds, \$222,406.24.

North Central Names Dr. Billingsly to Post

President Leon Billingsly was elected to the Commission of Colleges and Universities of the North Central Association at the annual meeting in Chicago. His membership on the commission is for a four-year term. Dr. Billingsly presently serves as an examiner and consultant for the association and will continue in that capacity in addition to assuming new activities on the commission.

At annual meetings the commission takes action in cases involving accreditation, which governs admission into the association and matters of policy. The commission meets twice a year in Chicago, once in the summer and again in the spring.

Southern Takes Third In Interstate Meet

MSC's track and golf teams placed third in the Interstate Conference spring sports carnival at Boonville, May 7. In track and field, the Lions captured third with 47 points; Wentworth had 33, and Kemper finished with 26½. Freshman Robert Love broke the 100-yard dash record with a 9.9 for Missouri Southern.

The golf squad took third with a 636 total, following Haskell's 750 and Kansas City's 672. Larry Trimble led the Lions with a 78-78-156. Bob Ford had 79-78-157. Jack Sneed had 85-75-160, and Cliff Steed shot 82-81-163.

Neil Rusch, Southern's only tennis entry, advanced to the finals in singles, bowing to Wentworth, 6-2 and 6-2. Rusch won his first match, 6-1 and 6-2; took the second, 6-4 and 6-1; and won the third with 7-5 and 7-5.

Sports Squads Grab Third Place

Doug Landrith's Missouri Southern linksmen missed a triple tie for first place by 10 strokes in the annual Missouri State Junior College Spring Sports Carnival April 28, at Lexington. MSC

golfers, trackmen, and netmen copped third place in all three divisions.

In track contests, the Lions brought home five first place medals. They were taken by David Denny, shot-putt; Nash Fry, broad jump; Joey Ledl, pole vault; and Robert Love, 100 and 220-yard dashes.

Medalist honors went to Southern's own Bob Ford for his 36-hole total, 70-65-135. Backing up Ford in the competition were Larry Trimble and Cliff Steed who both had a 146.

Larry Carpenter replaced Jack Sneed, who became ill, on the fifteenth fairway of his opening match, and finished the last three holes to give Sneed a total of 167. Southern's team total was 594. Kemper Military College and Wentworth Military Academy, who tied for first place, each tallied totals of 584.

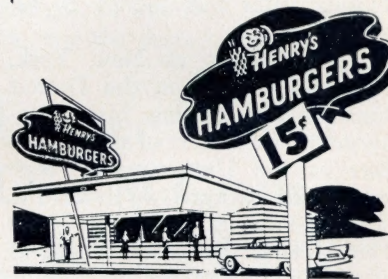

Neil Rusch and Joe Iles, the two top-ranking netmen on Landrith's tennis squad, bowed to the duo from St. Paul's of Concordia, 6-0, 6-3 in the doubles finals competition. Rusch and Iles rolled past Wentworth's pair, 6-1, 6-3 in the preliminary battle and ousted Kemper's duo, 6-3, 6-3 in the semifinals.

Robert Love, Lion thincad, took individual honors in capturing 13 points.

Track Effort Fails

According to unofficial totals, Missouri Southern College track men tallied 8½ points at the fifth annual SMS College relays. Nash Fry won the triple jump with a 42-11 performance, and tied for fifth in the high jump. David Denny placed fourth in the discus for Southern's two remaining points.
